

Dear Partners and Stakeholders,

After twelve years of dedicated service to Seniors First, I am writing to share that I will be retiring from my role as Executive Director, effective no later than August 1, 2026.

Serving Seniors First has been the most meaningful and rewarding experience of my professional career. During my tenure, I have had the privilege of working alongside an exceptional Board of Directors, dedicated staff, committed volunteers, and valued community partners. Together, we have strengthened and expanded our impact through organizational growth, the implementation of key programs, enhanced financial stability, and stronger community partnerships—all while remaining steadfast in our mission to serve seniors with dignity, compassion, and excellence.

I am deeply grateful for the support, collaboration, and trust you have extended to me and to Seniors First throughout the years. The relationships we have built and the work we have accomplished together have made a lasting difference in the lives of countless older adults and their families.

Seniors First is well-positioned for continued success, and I have every confidence that the Board of Directors will identify outstanding leadership to guide the organization into its next chapter. The mission remains strong, and the commitment of our staff, volunteers, and community partners continues to be an invaluable asset.

Over the coming months, I will work closely with the Board and incoming leadership to ensure a smooth and seamless transition. This will include sharing organizational knowledge, facilitating introductions, and supporting continuity in key initiatives and partnerships.

Thank you for your partnership, friendship, and unwavering commitment to the seniors we serve. It has been an honor and privilege to work alongside you, and I will always cherish my time with Seniors First.

With sincere appreciation and best wishes,

Jimmy Roberts
Executive Director
Seniors First
